**(PDIWP)**  
**Operable Unit 2 Omega Chemical Superfund Site**

Dear Mr. Praskins:

Pursuant to the November 19, 2014 Term Sheet, please find attached for your review and comment the draft Remedial Design and Pre-Design Investigation Workplans. The enclosed has been prepared to provide the process and procedures for the collection and evaluation of additional information needed to support the remedial design required in the OU2 Consent Decree.

Should you have any questions or comments, please contact me at (619) 546-8377. Thank you.

Sincerely,

Jack Keener,  
OU2 Project Coordinator
